Imagine the Freedom to Enjoy Your

Wouldn't it be great to play your favorite CD in the kitchen as you unwind from the long day and settle in to enjoy a snack before dinner? Imagine if at the same time, your daughter is tucked away in her room, practicing her dance while listening to her favorite MP3. How would *"your home be"* if Dad was also sitting outside on the deck with your next door neighbor, enjoying the fresh air and the legendary Beatles on the radio?

Music Anywhere in Your Home.

Introducing the ELAN™ System6—giving you the freedom to move about your home, and get one button, instant access to any music you want to hear—anywhere, anytime. Hear the same or different music in different rooms at the same time. *And, all from just one amazing little product.* But talk about power. Easy to command, lots to enjoy. And of course, great sound.

It Would Be Heaven. It Would Be ELAN.

Six rooms, six different sources! Listen to your different devices (such as CD player, tuner, Tape, MP3 player or hard-disc music server), in multiple rooms in your home—simultaneously. No more worries about who gets to pick the music. You can each have what you want, when you want it. Elvis in the kitchen, Eminem on the radio in the bathroom at the same time? No problem. Your family has as many tastes in music as it does rooms in the home. System6 can accommodate for all the individuality under your roof.

It's Possible. Now Enjoy Music in Every Room From One Amazing Little Product.

Many of us are inundated every day with technology that can be confusing, complicated and definitely does not enhance our lives. Ever get home and just want to hit one button to instantly hear your favorite songs—with no hassles? Dream of a day when your electronics will respond to your every wish? At ELAN, we offer a variety of user interfaces such as in-wall keypads, volume controls and touch panels that cater to you and to your budget.

Any of these can be combined seamlessly with System6 to give your home and family exactly what they want to access their music.

Get Simple Control and Flexible Options. Really.

And, System6 is worry-free. Ever buy a cool new product only to find out it doesn't work with what you have? No need to throw away all the electronics you have invested in over the years with this one. System6 provides seamless integration with your existing products, audio

system and speakers. Plus, you can also simply add ELAN speakers where you want to hear more music.

Fits in Perfectly with Your Family and All Your Existing Equipment.

You've invested a lot of money in your home. Great furniture and artwork, coordinating carpet, matching drapes. Why shouldn't your electronics match? Now they can. Blend ELAN keypads and volume controls right into your walls for an unobtrusive look with our five available colors. Or go for a contrast. Even choose from several different styles. Match our VIA!® Touch Panel interfaces to the style of your home with ELAN stylized motifs. We offer a wide variety of motifs with custom interface colors and designs such as Roman, Floridian, Modern, Hi-Tech and much more. You can even have different styles on panels in different rooms.

It's all possible. Your wish is our command.

Matches Your Home Decor as Well as Your Family's Individual Music Tastes.

Plus, Easy Add-Ons—Take Your Home to New Heights.

Like what you're hearing so far? As the life of the party, the ELAN System6 can also introduce you to its friends—the add-ons—making your home system everything you've ever dreamed of.

Digital Music Everywhere.

Automatically catalog, stream and access MP3 music around your home by adding an ELAN VIA!dj. Get the great ELAN interface to your music! VIA!dj automatically does away with track numbers, and gives you on album cover art, playlists, artists' names, song names and more.

Everybody's Talking.

Busy in your office and want to hear the front door? Like to expand your telephone and use it as an in-home intercom or paging system? Simply add the ELAN Z•600 and get door chimes, and whole-house paging and intercom features.

Keep an Eye Out.

Imagine seeing who's at the front door from any TV or ELAN VIA! panel in your home. Simply add one of our door stations with a camera and communications controller.

Video Galore.

You love audio—how about video? If you're a video buff, ELAN's Z•880 is for you. Fight over who watches what in your home? Now distribute video from your DSS, DVD, and VCR to every TV or VIA! panel. Watch movies, news, —anything you want, from any room, regardless of what they're watching. ELAN—finally a show everyone can agree on.

As you and your family grows, the System6 does, too.

About the System6 Lifestyle

- ▶ "We wanted to bring music to all the places in our home where we relax the most. We got it with System6. Now that music is so convenient to access, we listen to it more than ever."

—Tyler Style, Miami, FL

- ▶ "I've brought a lot of toys home, and this is the one product my wife, Laura, actually uses. When she saw we could match keypads with the kitchen, she was sold. Now, we don't know how we ever lived without it."

—Stephan Crane, White Plains, NY

- ▶ "When our installer told us about System6, we wondered how much it must cost. We were thrilled to find out how affordable it was. We even have keypads in all our main rooms."

—Colleen and Leonard Fowler, Richardson, TX

- ▶ "We recently were talking with our real estate agent and were very surprised to find that by having audio and intercom throughout our home that the value has increased. What a bonus."

—Sheryl and Craig Armstrong, Parker, CO

- ▶ "ELAN's intercom capabilities are the perfect add-on answer for integrating whole house intercom into System6 and our existing audio system. We use it every day."

—Alan and Betty Stanford, Indianapolis, IN

About ELAN™ Home Systems

ELAN Home Systems has been a leading manufacturer of innovative, award-winning distributed audio/video and home automation systems since 1989. Based in Lexington, Kentucky, the company was the first to integrate audio, video, phones and third-party products to create a seamless, easy-to-use "whole house" experience. Today, the company's unique products provide complete lifestyle, feature-rich solutions, yet are flexible enough to be configured to fit the needs and budget of every homeowner.

ELAN is the company that created the whole-house system, introducing 200 innovative products in the last 5 years; each designed carefully to meet the specific needs of our customers and specialty AV Design and Installation companies. ELAN products are distributed through a specialty channel of dealers and distributors throughout the United States, Canada and 28 countries worldwide.
