

ALCOHOL GEL

Instant Hand Sanitizer

Sanitante Para Las Manos

ALCOHOL HAND GEL is a supplement handwashing used on hands which are free of soil, grease and other visible debris. Use no water or towel. Apply appropriate amount of cleaner to palm of hand.

FEATURES AND BENEFITS:

- Superconcentrated-a few drops supplement handwashing
- Low cost per use
- Proven effective and safe
- Use NO WATER or TOWEL
- Built-in conditioners and moisturizers leave the skin smooth and soft
- Mild cleansing formula won't strip skin of natural oils
- Gentle to the skin
- Preservative system helps prevent microbial contamination

DIRECTIONS FOR USE:

use on hands that are free of soil, grease and other visible debris. Use no water or towel. Apply appropriate amount of cleaner to palm of hand. Rub until hands are completely covered. Agitate lightly until dry. Let air dry for 15 seconds. Do not rinse or wipe with towel. Continue to use hand-wash procedures particularly before invasive procedure or contact with blood fluids or tissues.

WHITE LOTION

Hair and Body Soap *Jabon Para Pelo y Cuerpo*

An opulent, fragrant hand cleaner that looks, feels and conditions like lotion. This pearlized liquid contains premium quality, mild synthetic detergents and rich soothing emollients. It is formulated to penetrate deep into skin pores, to dissolve every trace of soil.

All ingredients are super refined and carefully neutralized to assure mildness. Light textured moisturizers and softening emollients replenish natural skin oils. The thick lather rinses easily and completely so skin stays healthy even after repeated washings.

This pearly white lotion has the fragrant "bouquet" of exotic tropical fruits and flowers. A pleasant, light, lingering scent.

RECOMMENDED USES:

- Schools
- Offices
- Factories
- Institutions

BENEFITS:

- Made from the finest oils available
- Economical
- Mild and very easy on the skin
- Contains no free alkali
- Can be used as a hair shampoo

SPECIAL INSTRUCTIONS:

PROTECT FROM FREEZING

DIRECTIONS FOR USE:

1. Wet hands with warm water first.
2. Dispense **WHITE LOTION** into hands.
3. Lather well beyond wrists.
4. Work all surfaces thoroughly including wrists, palms, back of hands, fingers and under fingernails. Rub hands together for at least 15-20 seconds.
5. Thoroughly rinse with clean, warm water-be sure not to touch sides of sink.
6. Dry hands completely-use towel to turn off water and protect hands from re-soiling.

SOFT-N-CLEAN

Lotionized Hand and Body Soap

Jabon Para Manos y Cuerpo En Locion

Creamy, rich hand and body cleaning compound. Use in a variety of settings where effective skin care management is important.

Gentle, effective cleaning of hands, hair and body. Built-in moisturizers and emollients leave skin clean, soft, deodorized and refreshed.

Ideal for use in food processing facilities, health care clinics, nursing homes, factories, schools, offices, public washrooms, health clubs and spas.

Excellent cleaning action, rich creamy lather, pleasantly scented.

RECOMMENDED USES:

- Food Service Areas
- Athletic Clubs/Spas
- Schools/Institutions/Factories/Offices
- Healthcare facilities/Nursing Homes/Clinics
- Hotels/Motels/Restaurants
- Hands, Hair and Body Cleaning

BENEFITS:

- Gentle effective cleaning—sudsy
- Built-in moisturizers/skin emollients
- pH balanced—skin is left soft and smooth/deodorized
- Synthetic formulation—free rinsing

SPECIAL INSTRUCTIONS:

Fill wall or pump dispenser with soap. For additional economy soap can be diluted with up to 2 (two) parts water.

KEEP OUT OF REACH OF CHILDREN

DIRECTIONS FOR USE:

1. Wet hands with warm water first.
2. Dispense **SOFT-N-CLEAN** into hands.
3. Lather well beyond wrists.
4. Work all surfaces thoroughly including wrists, palms, back of hands, fingers and under fingernails. Rub hands together for at least 15-20 seconds.

PEPCO 418

Powdered Hand Cleaner Contains LANOLIN and LECITHIN

The quality vegetable oil soaps and select scrubbers (not harsh pumice or silica) in this powdered cleaner easily removes heavy soils, grease and oil. Natural lanolin protects hands from moisture loss and detergent irritation.

Suggested for use in garages, workshops, and other facilities where workers hands get very dirty and greasy.

PEPCO 418 contains lanolin and lecithin. Prolonged use of many skin cleaners will deplete natural oils. These two skin emollients replenish oils lost in the washing process and thus prevent chapping and drying.

Natural scrubbers loosen imbedded dirt, oil and grime. Free rinsing, hands are left cleansed and replenished.

Light and fluffy, **PEPCO 418** is 20-35% lighter than many competitive products.

Since these products are generally dispensed by volume, not weight, they are economical to use.

RECOMMENDED USES:

- Plant – Industrial
- Garages
- Shops
- Wherever hands are dirty and greasy

BENEFITS:

- Contains No Fillers
- Easy on Hands
- Will Not Clog Plumbing
- Use Hot or Cold Water
- Free Flowing
- High Sudsing
- Quick Rinsing
- 100% Active

SPECIAL INSTRUCTIONS:

KEEP THIS AND ALL CHEMICALS
OUT OF REACH OF CHILDREN

DIRECTIONS FOR USE:

1. Wet Hands
2. Add Pepco 418
3. Work Up Lather
4. Add More Water
5. Wash Arms and Fingernails
6. Rinse and Dry

Easy On Hands: Contains lanolin plus lecithin skin emollients – Will Not Chap or Dry Skin.

Cleans Better: Selected scrubbers insure faster washes – No Harsh Abrasives.

High Sudsing: Rich lather works hard to dig out grime.

The logo for DALEY International features a stylized triangle icon to the left of the company name. The word "DALEY" is in a large, bold, sans-serif font, and "International" is in a smaller, bold, sans-serif font below it.

PEPCO 415

Powdered Hand Cleaner Contains LANOLIN and LECITHIN

A unique combination of quality ingredients to gently clean hands without stripping natural skin oils. Contains vegetable soaps, natural lanolin and mild scrubbers.

Removes tough soils, even ink. Excellent for both plant and office workers.

PEPCO 415 contains lanolin and lecithin. Prolonged use of many skin cleaners will deplete natural oils. These two skin emollients replenish oils lost in the washing process and thus prevent chapping and drying.

Light and fluffy in appearance, **PEPCO 415** is 20% to 35% lighter per unit volume than most powdered hand soaps. Since these products are generally dispensed by volume, not weight, **PEPCO 415** is more economical to use.

RECOMMENDED USES:

- Plant – Industrial
- Schools
- Commercial
- Offices
- Restaurants – Food Service

BENEFITS:

- Contains No Fillers
- Easy on Hands
- Will Not Clog Plumbing
- Use Hot or Cold Water
- Free Flowing

PEPCO 315

15% Pure Coconut Oil Soap *Jabon De Aciete Olor A Coco*

This product is a sparkling clear, neutral concentrated liquid hand soap made from refined and bleached coconut oil. The manufacturing of this soap with pure coconut oil creates natural glycerine adding to its mildness and effectiveness. It is excellent for use in schools, offices and factories.

This soap contains no free alkali or irritating matter. Skin is left soft and smooth. Because of its natural mildness, repeated use of this soap will not lead to dermatitis or other skin disorders.

In use this product generates a rich, thorough cleansing lather. It lifts and removes grease and dirt from hard-to-reach areas, such as crevices around knuckles and under fingernails.

This liquid is a concentrate and may be used straight or diluted. This makes it very economical to use.

This soap does not clog dispensers when used as directed. It stays free flowing and fresh in the dispenser tank for immediate use.

This fine product may also be used as a hair shampoo leaving hair silky smooth and manageable.

RECOMMENDED USES:

- Schools
- Offices
- Factories

BENEFITS:

- Made from the finest oils available
- Contains no free alkali
- Mild and very easy on the skin
- Ready-To-Use
- Economical to use in dispensers

DIRECTIONS FOR USE:

1. Wet hands with warm water first.
2. Dispense **PEPCO 315** into hands.
3. Lather well beyond wrists.
4. Work all surfaces thoroughly including wrists, palms, back of hands, fingers and under fingernails. Rub hands together for at least 15-20 seconds.
5. Thoroughly rinse with clean, warm water-be sure not to touch sides of sink.
6. Dry hands completely-use towel to turn off water and protect hands from re-soiling.

PEARL OF THE TROPICS

Pearlized Lotion Soap for Hand, Hair and Body *Jabon Para Manos, Pelo Cuerpo En Loción Perlizado*

PEARL OF THE TROPICS, a synthetic surfactant system, is an extraordinarily effective grease and oil dissolver. Yet, it is gentle to hands and mild enough to be used as a waterless cleaner.

Its use runs the gamut from Country Club powder rooms to garage mechanics. **PEARL OF THE TROPICS** is a pretty, pink lotion with a cosmetic fragrance. Upon contact with water and gentle friction it bursts into billowy suds that lift dirt from around nails and knuckles. The suds rinse freely leaving skin smooth and fresh.

For dirty work, use **PEARL OF THE TROPICS** straight from the bottle. Rub the creamy lotion into knuckles and around fingernails, then towel off the excess. This thin barrier film will reduce grease absorption and make wash-ups easier. Also use just as you would any waterless hand cleaner.

PEARL OF THE TROPICS is a homogenous blend that will not clog dispensers.

RECOMMENDED USES:

- Public Restrooms
- Offices
- Doctors Offices/Health Care Facilities
- Auto Repair Shops

BENEFITS:

- ECONOMICAL – Straight or Diluted
- PLEASANT to use
- Excellent Grease and Dirt Cutter
- Gentle to Skin
- Stays FREE-FLOWING and FRESH in Dispenser

SPECIAL INSTRUCTIONS:

- Use full strength
- Can be diluted 1:1 for extra economy.

DIRECTIONS FOR USE:

Wet hands with water. Add a few drops of **PEARL OF THE TROPICS**. Work up a rich lather and gently massage into skin, especially around knuckles and fingernails. Use a soft bristle brush if hands are exceptionally dirty or soil is deeply embedded into skin creases and pores. Rinse thoroughly with clear water and towel dry.

Wet body and hair. Apply to body and hair, lather, rinse. Repeat if necessary.

The logo for DALEY International features a stylized triangle icon to the left of the company name. The word "DALEY" is in a large, bold, sans-serif font, and "International" is in a smaller, bold, sans-serif font below it.

MED-I-SAN™

Sanitizing Hand Soap *Jabon Sanitario Para Manos*

MED-I-SAN™ is an effective sanitizing hand soap which meets all of the requirements for use in federally inspected meat and poultry processing plants under USDA category E2. It is also recommended for use in food processing plants and restaurants by personnel prior to handling food and/or food processing equipment.

RECOMMENDED USES:

- Food Preparation/Processing Areas
- Restrooms
- Health Care Facilities
- Schools/Institutions
- Restaurants/Kitchens
- Hotels/Motels

BENEFITS:

- Simple
- Effective
- One Step (Clean and Sanitize)
- Economical

DIRECTIONS FOR ONE-STEP WASHING AND SANITIZING:

1. Hands need not be washed prior to using this product.
2. Dispense approximately 5cc of **MED-I-SAN** into palm of hand.
3. Add approximately 15 cc of water.
4. Work all surfaces thoroughly including wrists, palms, back of hands, fingers and under fingernails. Rub hands together for at least 15-20 seconds. Lather and wash in normal manner.
5. Thoroughly rinse with potable water.

NOTE: This product must be dispensed from an adequate dispenser located a sufficient distance from the processing line to prevent accidental product contamination.

FOAMING HAND SOAP

Lotionized Hand Soap *Jabon Para Manos En Locion*

FOAMING HAND SOAP product is a blend of the highest quality detergents. Carefully formulated, this product will thoroughly clean without removing natural moisturizers from the skin. It lifts and suspends dirt/oils so they may be rinsed away even in hard water.

RECOMMENDED USES:

- Food Service Facilities
- Public Restrooms
- Doctors Offices/Health Care Facilities
- Auto Repair Shops
- Institutions – Schools/Nursing Homes
- Offices

BENEFITS:

- PLEASANT to use
- Excellent Grease and Dirt Cutter
- Gentle to Skin
- Stays FREE-FLOWING and FRESH in Dispenser
- ECONOMICAL

DIRECTIONS FOR USE:

FOAMING HAND SOAP Ready for use or may be diluted with water. Dilute with equal parts water. For use as a prep soap, dilute with 70% alcohol for a tincture solution.

1. Dispense **FOAMING HAND SOAP** onto hands.

2. Lather well beyond wrists.

3. Work all surfaces thoroughly including wrists, palms, back of hands, fingers and under fingernails. Rub hands together for at least 15-20 seconds.

4. Thoroughly rinse with clean, warm water-be sure not to touch sides of sink.

5. Dry hands completely-use towel to turn off water and protect hands from re-soiling.
