Just a few of the reasons you'll love living with Moen:

- LifeShine® easy-clean faucet finishes.
- Easy-change technologies like M•PACT and Hydrolock®.
- Lifetime Limited Warranty on all faucets.
- Lavatory faucets that meet WaterSense® labeling criteria.
- Design ideas and tips at www.moen.com.

Look for more information on these and other Moen features in our **Features & Reference** section.

Make everyday life a little more special.

It's not just everyday life. It's your life. It's how you choose to live. It's time spent on things that are important to you – whether it's preparing a meal for close friends or the nightly ritual of a splash in the tub with the kids.

Make Moen a part of your day.

With timeless styles, innovative functionality and quality construction, Moen products are designed for real life. Your life. Together, we can share many happy moments.

 **MOEN**
Buy it for looks. Buy it for life.®

Bath & Shower

“Happiness is enjoying everything that surrounds you.”

Showering Options

Until now, rainshowers created very little pressure in the showerhead cavity for water delivery. ImmersionTM Rainshower Technology channels water through a spoke design – concentrating and magnifying the natural force of your water to dramatically enhance your showering experience.

VelocityTM Two-Function Rainshower

The Velocity two-function rainshower goes from an 8" spray face rainshower to revitalizing rinse with the flip of a lever. You get two refreshing experiences from one showerhead.

Rinse

Rain

ExactTemp[®] 3/4" Thermostatic Showering Technology

A 3/4" valve design engineered to accommodate a variety of shower and spa configurations.

Pinpoint Temperature Control

Like a shower thermostat, you can “permanently” dial in the temperature of your shower. Your ideal temperature is reached day after day, and it is pleasantly maintained throughout the shower.

Volume Control

Enables you to enjoy different volumes for individual fixtures within your customized shower. You can have one volume for the showerhead, another for your hand shower, and yet another for the body spray. In other words, it truly is your shower.

Features & Reference

“It might be designed as his and hers, but sometimes it’s all hers.”

 **MOEN**
Buy it for looks. Buy it for life.®

Life calls for a Moen® faucet.

Why choose Moen? We've built our products with your needs in mind.

Help at every turn.

Visit www.moen.com for design tips and useful tools that allow you to view your faucet choice in every finish.

Beautiful, durable finishes.

LifeShine® Finish creates the durability and wearability of chrome on a variety of beautiful, decorator-inspired finishes.

A snap to install.

Hydrolock®. This patented installation system snaps faucet and pipes together with a telltale “click” for a quick and easy connection on many of our kitchen and widespread lavatory faucets.

Lasts a lifetime.

Lifetime Limited Warranty. All Moen faucets come with a Lifetime Limited Warranty against leaks, drips and finish defects. For complete details, call 1-800-BUY-MOEN, see your Moen dealer or visit www.moen.com.

Comparing and choosing a Moen® shower valve.

Get the benefits your family needs.

Precision thermostatic control Dial up the same water temperature every day, just like a thermostat.	●				
Volume control Lets you adjust the amount of water that flows through your tub/shower from a gentle stream to full-force.		●	●	●	
Temperature memory Dial stays in the same temperature position you last used and returns to that temperature within a few seconds.	●		●	●	
Style versatility Available in a variety of Moen styles.			●	●	●
Safety Features					
Maximum temperature setting You can predetermine the hottest temperature setting before installation.	●		●	●	●
Meets applicable pressure-balancing or thermostatic safety codes	●		●	●	●
Dependability Features					
Lifetime Limited Warranty	●	●	●	●	●
Easy-to-replace cartridge	●	●	●	●	●

M•PACT® Common Valve System

Install any of our M•PACT-compatible faucets once, and you can **upgrade the style** at any point in the decorating or construction process – or switch style years down the road – without replacing any faucet plumbing.

With Moen, changing your bath and shower faucet style is as easy as changing a light bulb.

- Start with an M•PACT valve.
- Choose any style you like.
- Lock into place.

M•PACT is available on select Rothbury®, 90 Degree®, Level®, Icon®, Kingsley®, Vestige®, Monticello®, Brantford®, Villetta® and Eva® bath and shower faucets.

M•PACT comes on all Moen bath and shower faucets featuring this logo.

The Feel and Function of a New Faucet. For Life.

NEW! I255™ Duralast™ Cartridge.

In 1937, Moen invented a mixing cartridge that led to the creation of the single-handle faucet. Moen is once again revolutionizing the industry with the introduction of the I255 Duralast cartridge – an exciting, new proprietary cartridge design that offers the smooth feel and reliable operation of a new faucet from the first time you use it to the last.

FEEL: Starts smooth. Stays smooth.

- Moen's new I255 Duralast cartridge provides a consistently smooth handle feel for the life of the faucet.
- Turn it on. Turn it off. Every time, the faucet will feel like new and perform like new.
- Smooth handle movement offers precise control, allowing you to fine-tune temperature balance.

FUNCTION: Durability is built in.

- The I255 Duralast cartridge surpasses conventional durability standards to withstand tough conditions, including hard water.
- Handle position will remain exactly where you turn it off for convenient temperature recall.
- Slim design doesn't compromise water flow, delivering the optimal performance you expect from Moen.

FOR LIFE: Backed by Moen.

- The new cartridge combines innovative engineering and the highest-quality materials, rigorously tested to stand up to generations of use.
- Backed by Moen's Lifetime Limited Warranty.

Experience the difference.

1. Stainless Steel Shaft

- Provides extremely durable handle attachment for smooth operation with every lift and turn.

2. Stainless Steel Pin

- Integrated into the design for added durability throughout all handle movements.

3. Keyed Shell

- For instant, accurate alignment during installation.

4. Overmolded Seals

- Ensure integrity and leak-free performance even in tough conditions.

5. Moen's Ceramic Disc Design

- A revolutionary ceramic disc design provides like-new operation for generations of use.

Starting in 2009, the I255 Duralast cartridge will be featured in more than 100 single-handle faucets.

Outdoor Sill Faucets

With an expanding line of sill faucets, Moen offers more choices and greater convenience for outdoor living. In addition to cold-only models, our unique hot/cold faucet designs provide the benefits of simple single-handle operation and easier single-hole installation. All models offer antisiphon and frost-free protection.

Cold-only sill faucet
 6" / 200506
 8" / 200508
 10" / 200510
 12" / 200512

Hot/Cold sill faucet
 6" / HC400506
 8" / HC400508
 10" / HC400510
 12" / HC400512

Hot/Cold sill faucet
 6" / HC400506PX
 8" / HC400508PX
 10" / HC400510PX
 12" / HC400512PX

- ⦿ ADA Many Moen faucets and shower valve controls meet requirements for the physically challenged.
- ⦿ The M•PACT® common valve system. Install it once, and you can upgrade style at any point in the decorating or construction process – or switch style years down the road – without replacing any faucet plumbing.

Although descriptions are believed correct at publication approval, accuracy cannot be guaranteed.

Moen reserves the right to make product specification changes from time to time, without notice or obligation, and to change or discontinue models.

Moen® 3-Function Diverter Valve

A new standard of ease and flexibility for your custom shower designs.

Create a custom multi-outlet shower.

Design multiple-outlet showers with unlimited configurations using the new 3-Function Diverter Valve from Moen.

The neutral trim styling of the 3-Function Diverter Valve works with any Moen bath suite of your choice. Pair it with a Moentrol® valve showerhead and a hand shower or body sprays for an indulgent experience that offers both volume and temperature control. Or use it with a Posi-Temp® valve, ENVI™ eco-performance showerhead and hand shower for a refreshing experience that has the added benefit of reduced water consumption.

Features of the Moen 3-Function Diverter Valve:

- 2 discrete and 1 shared setting
- Maximum customization options – use with any Moen mixing valve
- Minimalist design complements all décor and coordinates with all Moen bath suites
- Available in Chrome, Brushed Nickel and Oil Rubbed Bronze
- 1/2" CC connections
- Valve and trim sold separately

For more information, visit moen.com.

One-Wall Moentrol® with 3-function diverter valve

BODY SPRAYS:

Thread the body sprays onto a 1/2" NPT supply pipe. Pipe should protrude 1/2" – 5/8" from the wall.

A pressure-balancing loop must always be used with body sprays to allow for equal supply of water to each spray.

Always cap the shower port when using the Moentrol® valve in a vertical spa configuration.

One-Wall Posi-Temp® with 3-function diverter valve

All vertical dimensions (*italicized*) measured from floor. Dimensions listed are suggested.

*Minimum of 40 psi recommended for both the Moentrol and Posi-Temp configurations.

M•PACT®

All vertical spa components are based on the M•PACT® common valve system.
