Just a few of the reasons you'll love living with Moen:

- LifeShine® easy-clean faucet finishes.
- Easy-change technologies like M•PACT and Hydrolock®.
- Lifetime Limited Warranty on all faucets.
- Lavatory faucets that meet WaterSense® labeling criteria.
- Design ideas and tips at www.moen.com.

Look for more information on these and other Moen features in our **Features & Reference** section.

Make everyday life a little more special.

It's not just everyday life. It's your life. It's how you choose to live. It's time spent on things that are important to you – whether it's preparing a meal for close friends or the nightly ritual of a splash in the tub with the kids.

Make Moen a part of your day.

With timeless styles, innovative functionality and quality construction, Moen products are designed for real life. Your life. Together, we can share many happy moments.

Life calls for a Moen® faucet.

Why choose Moen? We've built our products with your needs in mind.

Help at every turn.

Visit www.moen.com for design tips and useful tools that allow you to view your faucet choice in every finish.

Beautiful, durable finishes.

LifeShine® Finish creates the durability and wearability of chrome on a variety of beautiful, decorator-inspired finishes.

A snap to install.

Hydrolock®. This patented installation system snaps faucet and pipes together with a telltale “click” for a quick and easy connection on many of our kitchen and widespread lavatory faucets.

Lasts a lifetime.

Lifetime Limited Warranty. All Moen faucets come with a Lifetime Limited Warranty against leaks, drips and finish defects. For complete details, call 1-800-BUY-MOEN, see your Moen dealer or visit www.moen.com.

M•PACT[®] Common Valve System

Install any of our M•PACT-compatible faucets once, and you can **upgrade the style** at any point in the decorating or construction process – or switch style years down the road – without replacing any faucet plumbing.

With Moen, changing your bath and shower faucet style is as easy as changing a light bulb.

- Start with an M•PACT valve.
- Choose any style you like.
- Lock into place.

M•PACT is available on select Rothbury[®], 90 Degree[®], Level[®], Icon[®], Kingsley[®], Vestige[®], Monticello[®], Brantford[®], Villetta[®] and Eva[®] bath and shower faucets.

M•PACT comes on all Moen bath and shower faucets featuring this logo.

The Feel and Function of a New Faucet. For Life.

NEW! I255™ Duralast™ Cartridge.

In 1937, Moen invented a mixing cartridge that led to the creation of the single-handle faucet. Moen is once again revolutionizing the industry with the introduction of the I255 Duralast cartridge – an exciting, new proprietary cartridge design that offers the smooth feel and reliable operation of a new faucet from the first time you use it to the last.

FEEL: Starts smooth. Stays smooth.

- Moen's new I255 Duralast cartridge provides a consistently smooth handle feel for the life of the faucet.
- Turn it on. Turn it off. Every time, the faucet will feel like new and perform like new.
- Smooth handle movement offers precise control, allowing you to fine-tune temperature balance.

FUNCTION: Durability is built in.

- The I255 Duralast cartridge surpasses conventional durability standards to withstand tough conditions, including hard water.
- Handle position will remain exactly where you turn it off for convenient temperature recall.
- Slim design doesn't compromise water flow, delivering the optimal performance you expect from Moen.

FOR LIFE: Backed by Moen.

- The new cartridge combines innovative engineering and the highest-quality materials, rigorously tested to stand up to generations of use.
- Backed by Moen's Lifetime Limited Warranty.

Experience the difference.

1. Stainless Steel Shaft

- Provides extremely durable handle attachment for smooth operation with every lift and turn.

2. Stainless Steel Pin

- Integrated into the design for added durability throughout all handle movements.

3. Keyed Shell

- For instant, accurate alignment during installation.

4. Overmolded Seals

- Ensure integrity and leak-free performance even in tough conditions.

5. Moen's Ceramic Disc Design

- A revolutionary ceramic disc design provides like-new operation for generations of use.

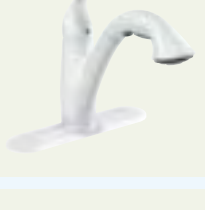

Starting in 2009, the I255 Duralast cartridge will be featured in more than 100 single-handle faucets.
